Quote of the Month

"I don't know where I'd be without my school library," says Jeff Kinney. "Our librarians were passionate about putting great books in the hands of kids, and making us into lifelong readers. School libraries introduce kids to whole new worlds and new perspectives and are so important in broadening kids' minds. It's crucial that we support our school libraries, especially in times of tightening budgets. I'm so grateful for the well-stocked libraries and knowledgeable, dedicated school librarians that were a part of my childhood."
